

The World Leader in Isoflavone Research

Dear Doctor,

Your patient \_\_\_\_\_ is interested in / currently using,

**promensil**<sup>™</sup> a natural alternative for menopause.

Promensil, in clinical trials, has been shown to:

- Relieve menopausal symptoms such as hot flashes and night sweats
- Maintain bone health
- Maintain cholesterol health.

A number of clinical studies have been conducted on Promensil assessing additional health and safety parameters.

I would like to offer you, as a health care professional, complete access to the clinical support for Promensil.

Visit the Promensil Health Care Professional Website:  
[www.promensilclinical.com](http://www.promensilclinical.com)

Telephone the Medical Information Line:  
1 877 417 7663

On the Promensil Clinical Website, you will find details of clinical trials for efficacy, safety studies, treatment guidelines and mechanism of action. From the site you can order reprints of peer-reviewed published results, or request product samples.

Alternatively, if you would like to speak with a Medical Information Representative to discuss Promensil or request data and samples, please telephone the Novogen Medical Information Line.

If there is any further information or support Novogen can offer you or your patients, do not hesitate to contact us.

Yours sincerely,  
Novogen Medical Information
